OBJECTIVE

Motivated Computer Science and Engineering graduate seeking an entry-level position to apply technical knowledge and problem-solving skills while contributing to organizational growth and continuously enhancing professional expertise.

EDUCATION

📅 2022–2026	Bachelor of Technology (B.Tech) – CSE Vaagdevi Institute of Technology and Science	Percentage: 71.50% 📍 Proddatur, India
📅 2020–2022	Intermediate GOVT Junior College	Percentage: 60% 📍 Proddatur, India
📅 2019–2020	Secondary School (SSC) Z.P High School	Percentage: 88% 📍 Jammalamadugu, India

TECHNICAL SKILLS

- **Programming Languages:** Java, Python (Basics), JavaScript
- **Web Technologies:** HTML5, CSS3, Bootstrap
- **Databases:** SQL, MySQL
- **Backend:** Java
- **Domain Focus:** Full Stack Java Development

PROJECTS

Advanced Facial Recognition Using Deep CNN Architecture

- Developed an Advanced facial recognition system using Deep Convolutional Neural Networks (CNN) for accurate face detection and identification.
- Implemented Deep Learning and Computer Vision techniques to extract and analyze facial features from images and video streams.
- Applied CNN-based feature extraction and classification to improve facial recognition accuracy and enable reliable real-time identification
- Used Python, TensorFlow/Keras, OpenCV, and Deep CNN for real-time face detection, image preprocessing, feature extraction, and facial recognition.

BITEZO food – Online Food Ordering System — HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

- Built a responsive food ordering website with user registration, login, food browsing, cart, checkout, and order management features.
- Implemented PHP/MySQL backend functionality for authentication, food management, and order processing.
- Created an admin panel for managing food items and customer orders.

CERTIFICATIONS & INTERNSHIPS

Artificial Intelligence Intern – SkillDzire

📅 May–July 2025

- Learned fundamental concepts of Artificial Intelligence and Machine Learning.
- Implemented AI and Machine Learning algorithms using Python.

Python Programming Intern – SkillDzire

📅 Dec 2025–Mar 2026

- Python Programming Proficient in Python for application development, automation, and problem-solving.
- Experienced in using Python for data processing, machine learning, and AI-based projects.
